

# Leslie Stafford

Lesley has been a member of the Hearts of Harmony chorus since 2009 where she is part of the Lead section. She grew up on barbershop music as her mom was the director of the Waska-Sues Chorus Society in Red Deer. Lesley's family is very musical so she grew up singing harmony, and that experience shows itself now as she sings with us. She added her voice to a pick up quartet "Just Once" for our 2018 show.

Lesley always has a warm smile and a kind word to share. Not bringing any attention to herself, she continues to organize, promote and be an amazing team member. She quietly serves in several areas - as a section leader, a tape listener and our music librarian (which is no small task!). She has been a 'big sister' to 4 new members and was described by one as a 'rock'. She has been cheerfully organizing our chorus retreat for years. And, we seldom perform without her. Lesley is dependable and has a great "get er done" attitude! We are certainly glad she joined us!

In addition to music, Lesley is an accomplished potter and a wonderful dog momma.
